Education

Vellore Institute of Technology

Bachelor of Science in Computer Science, Specialization in Education Technology

Sehore, Madhya Pradesh

Sep. 2023 – May 2027

Relevant Coursework: Automated Workflow Design, Database Management Systems, Business Process Mapping, Educational Data Mining, Python Programming

Projects

NSE Stock Market SQL Analytics System | *SQL, Relational Databases, Data Structuring, Reporting* **June 2026**

- Designed and structured relational database schemas to ingest, clean, and organize complex National Stock Exchange (NSE) historical transaction datasets.
- Authored advanced SQL queries, aggregations, and joins to build structured analytical reporting data streams for automated metrics tracking.

AI Career Navigator | *React, Next.js, TypeScript, PostgreSQL, Prisma, Gemini API* **July 2026 – Present**

- Scoped and built a structured platform architecture mapping user inputs to automated workflow outcomes and dynamic milestone tracking.
- Structured database tables and API integrations in PostgreSQL and Prisma to deliver real-time personalized dashboards and operational tracking.

PDF Resume Parser and Job Matcher | *Python, spaCy, PyMuPDF, OpenAI API* **May 2026**

- Mapped end-to-end data extraction workflows to parse unstructured document inputs and match them against structured job requirement criteria.
- Leveraged NLP techniques and API integrations to generate match scores and surface actionable data insights for end users.

Technical Skills

RevOps & Systems: Workflow Automation, CRM Concepts, Business Process Mapping, Data Structuring

Tools & Automation: n8n, SQL (PostgreSQL, MySQL), Git, VS Code, Google Workspace Automation

Languages: SQL, Python, JavaScript, TypeScript, HTML/CSS

Certifications

Google IT Support Certificate — *Google Career Certificates* Feb. 2026

Data Visualization with Python (DV0101EN) — *IBM / Cognitive Class* Apr. 2025

Startup School: Prompt to Prototype — *Google for Startups* Dec. 2025

EduCraft 2026 – Certificate of Participation — *National Faculty Network & Masai* July 2026

Leadership / Extracurricular

National University of Singapore (NUS) Immersion Program

Capstone Presentation Winner (First Place)

- Secured 1st Place in the AI & Deep Learning capstone presentation hosted by Corporate Education.
- Analyzed industrial automated workflows through operational visits to Hyundai Motor Group Innovation Center and SICCI.

Anime Club

Treasurer

Vellore Institute of Technology

December 2025 – Present

- Managed operational budgets, financial tracking, and resource distribution for large-scale university events.

Edu4U Club

Design Team Head

Vellore Institute of Technology

December 2025 – Present

- Led a cross-functional team of 7 to manage deliverables and execute project timelines under strict deadlines.

Languages

English (Fluent), Hindi (Native), Japanese (Learning)
